## HAL. FORBES IN TURPENTINE BUSINESS

Purchases an Interest in the Business of Varn Bros. & Company.

Hal. Forbes, of this city who, before the big fire on Palafox street, was head of the firm of Forbes Furniture Company, has embarked in a new business, that of turpentine, and judging from his talk he is better pleased with it than with that of selling household goods.

Mr. Forbes has purchased an interest in the turpentine business of Varn Bros. & Co., who are sub-lessees of state convicts, and is now devoting all of his time to looking after the business at the camp. The firm is to be reorganized shortly under the name of Star Turpentine Company, and will have as stockholders besides Mr. Forbes, W. W. Varn and Presley C. Dawkins. The company will also engage in the manufacture of lumber, and Mr. Dawkins will have charge of the saw mill and Mr. Forbes of the turpentine camp.

There are now twenty-seven convicts at the camp, and Mr. Forbes says that the inspectors state it is one of the best conducted camps in the state.

Many improvements are being made at the camp for the convenience of the guards as well as comfort of the prisoners.

### MR. JULIAN WALKER COMING TO PENSACOLA

Owing to the efforts of several music lovers in the city, an engagement has been arranged with Mr. Julian Walker, of New York City, classed as one of the finest barytone singers in America, to appear before the Pensacola public during the first week in May.

Mr. Walker will be on his annual southern tour during the month of May, appearing in New Orleans in song recital about the first and coming directly from that city to Pensacola.

As Mr. Walker has appeared before the people in the largest cities of the United States and Canada during this season, with the success which his ability warrants, a rare treat is expected from him here.

## ALABAMA MEN CAPTURED NEGRO

Johnnie Harrison Located by Deputy Sanders Who Wired and Caused His Arrest.

Johnnie Harrison, the negro who last Monday split open the head of Jim Holly, also colored, with an axe, has been captured at Greenville, Ala., and he will shortly be in jail in this county. Sheriff Van Pelt left last night for Greenville and will return with the negro Sunday night or Monday morning.

As soon as Harrison struck Holly he ran, and although followed by the officers, succeeded in getting out of the county and into Alabama. Deputy Sanders, however, did not give up the chase, and succeeded in locating the negro in Greenville, Ala., where he had gone from Pensacola. He immediately wired there asking that the negro be arrested, and yesterday afternoon received a telegram from Marshal Porterfield saying that the negro was under arrest.

Harrison and Holly engaged in a fight in a house on North Tarragona street last Monday, and Holly was struck in the head with an axe. For two or three days it was thought he would die, but it is possible that he will recover, although he is not yet out of danger.
